Italian style Faux Leather Sofa Bed Futon
black.
can deliver for fuel cost. this is basically brand new, only been sat on a couple of times and that was with the custom made cover i got made for it which you are welcome for free, it has velcro strips at the back for easy on off and is also machine washable.
only problem as you will see on one of the pictures is one of the indents has come loose, i have checked it and it doesn't effect the use or function, looks like it could be an easy fix. the company i got it from are sending me a another one and do not want this back as i have payed postage twice now.
