Turn your own Christmas Tree into a snowing tree. Flowerpot style base. Adjustable snow blow controller, which allows you to change the speed of the falling snow. Snow pipe (can be adjusted to the exact length of your tree for a custom fit. Dark green so it is camouflaged). Will fit all trees up to and including 2 meters high. Topper dispenser and star Christmas tree top decoration (allows snow to be evenly distributed around the entire tree). Includes artificial snow. Box weighs 5 kilos. Please note that this is a snowing kit. It does not come with a Christmas tree. You fit it to your own tree (artificial or).
