NXT MOTOR FF860 FLIP UP HELMET WITH VISOR
The NXT FF860 Flip-Up Full Face Motorcycle Helmet with Visor are packed with features...
Helmet Specifications Include:
• Supreme Aerodynamic Polycarbonate Shell Construction - Professionally designed with quality and safety in mind. Our polycarbonate shell of the FF860 helmet protects you from serious injuries.
• Built-In Sun Visor - FF860 has an easy to locate switch on the left side of the helmet activating it, enables the drop-down built-in sun visor that protects your eyes from heavy sun light without sunglasses.
• Air Vented - There is an air intake vent on the chin and the sides of the FF860 helmet that provide exceptional airflow throughout the helmet which eliminate fogging on the visor and insure you stay cool even on a hot summer day.
• Chin Strap Retention Quick Release - We have added Small Retention Buckles on FF860 Helmets that allow the strap to be quickly released from the strap keeping your helmet secure with maximum comfort.
• Adjustable Positioning Visor - FF860 visor can be open in different positions that allows the rider to adjust the visor to the position that is more suited.
• Scratch Proof Visor - All our FF860 visors are manufacture using special coating that allows them to resist scratching caused by light or other small airborne impacts.
• Removable Lining - Removable and washable liner and cheek protection pads allow to remove and wash them when needed.
• ECE 22.5 Approved - FF860 helmet meets the standards set by European regulations for safety, making it road legal in both the UK and Europe.
