

## Found - 16yo black female cat. Itchy. (1 GBP)

Location **London, London**  
<https://www.freeadsz.co.uk/x-178341-z>

Found wandering for the past month so have decided to take her in. She is extremely skinny and we have taken her to the vets. She is microchipped but the number provided on the chip does not work. She only weighs 1kg and her name is itchy. Found in the morden area. If you are missing her or know someone who is please contact me;
