

Spanish Courses

Students comments

"The course has been good and has reinforced my development from a previous beginner's course taken from a different provider. The teaching methods are varied and stimulating and group work is strong and well coordinated. Homework is appropriate and the course relates in a structured manner to the text book. A greater use of group discussion in Spanish moderated by the tutor would be helpful. Overall, very good. I shall re-enroll."

Richard Hooper

"I have thoroughly enjoyed this well-structured, well taught course. There has been enough challenge without it being too difficult. Montse you are very approachable and enthusiastic!"

Gill Taylor

"Very enjoyable – enjoyed so much that I came back for the 2nd year. Montse is very pleasant and helpful and gives a good mix of activities to make each lesson both educational and fun. Highly recommended"

Brian Burton

"Montse puts a lot of effort into making Spanish learning fun and educational and this is reflected in us students who enjoy coming to class after a long day at work."

Dave Hutchison

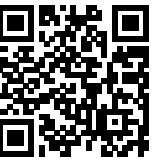

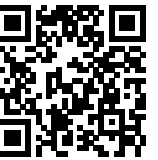

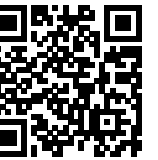

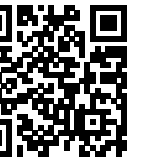

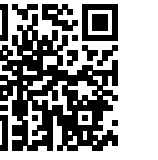

"Excellent course, with many different activities to help learn the language. The emphasis on speaking and pronunciation has made us much more confident when visiting Spain. The hand outs were very helpful for revision. Montse is very good at getting the whole class involved and is flexible on topics e.g. doing festivals, whilst making sure we cover the basics. I would strongly recommend this course to anyone interested in Spanish."
