

# 1980 Jaguar 25 Sailing Yacht (7,450 GBP)

Adresa: **North, Cumbria**  
<http://www.freeadsz.co.uk/x-259901-z>

A 1980 Jaguar 25 MKII with a 9hp Volvo Inboard engine. We did a refurb on this yacht in 2012 which included: New wiring New upholstery, including the foam filling (double covered) Eberspacher diesel heater (d2) New Windows Deck fittings removed and resealed New saildrive seal and oil seals in the leg, strip and antifoul Standing rigging. New gas pipework. New dodgers. Since then, LED lighting, solar panel and controller new batteries, diesel filter and various engine maintenance, wired for mains hook-up, new radio, battery monitor. Further running rigging and standing rigging repairs and upgrades. We have sailed Windfall on Windermere for a few years now, she was first on a swing mooring and for just over a year has been in the marina. We are now looking for a bigger yacht on the sea. Shes a safe, predictable first time yacht that we have really enjoyed. She has a bilge keel so can easily be moved and is able to dry out. We have a lot of history and the owner before me had known her for many years. She has a 2010 survey. The keels were removed and professionally refurbished/refitted in 2008. Original Builders Certificate - November 1980  
 Bill of sale for each owner since  
 HM Customs VAT document (1993)  
 Survey is 09/2010  
 Cert for Registration of British Ships (2002) SSR00415 Sails are in good serviceable condition, they were approx. 2-3 years old when we got Windfall. The heater makes her usable throughout the year on the lake as you get some really nice days in the winter. She currently has her mooring until March/April next year however its not transferable but this give plenty of time to sort something out beforehand. Please call for further information. Also happy to give a full handover to new owner (as i had from)
