

Family or Baby Photoshoot at home or in outdoor location with female photographer

Location **Scotland, West Lothian**
<https://www.freeadsz.co.uk/x-483075-z>

New Year – Newborns! If you've just welcomed a new addition to the family, preserve those special memories with a photoshoot from the comfort of your own home with an affordable female photographer. I also offer family shoots for children of any age and have lots of experience. *Special offer running for all bookings made before March 31st 2017* Have a baby photoshoot with studio backdrops, lighting and props from the comfort of your own home from just £35. Sessions can include other family members for the same price, such as parents, grandparents and siblings. I bring my professional portable equipment and you can relax with your little one in a familiar environment and we can discuss exactly the style of photos you would like. The shoot usually lasts up to two hours and you can expect to receive high quality digital images, as well as optional prints. Prices from £35, which includes 5 images, and extras are available to purchase from £5 each. I am based in Falkirk and am happy to travel to anywhere in central Scotland e.g. Glasgow, Stirling and Edinburgh. ;
