¡Hola from Montse! Welcome to SPANISH FUN COURSES I am a Spanish teacher who loves her job. One of the reasons is because of the lovely people I meet. From young to mature students (up to 80 years old) they are all keen to learn and do their best. They help each other and work together to progress at the same time. They learn and have a laugh as well, because you need to have fun and enjoy while learning. People learn a language for different reasons: some because their children have married Spanish or South American natives, some because they go on holidays to these places, some because they are planning to retire there and some just to learn a new hobby and make friends. There have been lots of studies that have proved the benefits of learning a language by keeping the brain active and working. There are lots of good reasons to join one of the new courses starting in September. From the Beginners Course, with its basic introduction to the Spanish language that helps students to communicate with native speakers, and then onto the follow - up courses for those who want to improve their skills. If you are interested in joining one of the courses come along for a trial session and if you like it join us. The pace of the lessons is very relaxed and friendly. We work with reading, writing and listening skills, and always encourage students with their speaking skills. It is lovely to see how students help and support each other. My aim is to make each lesson enjoyable, encouraging students to work together and to create a pleasant atmosphere in which learning is fun. I will always be prepared to help anybody who is prepared to try. I am looking forward to sharing your company and helping you to learn Spanish. I end with a quote from Gates McFadden "Just learning to think in another language allows you to see your own culture in a better viewpoint". Please don't hesitate to contact me if you need any further information. Looking forward to hearing from you. Hasta pronto! Learn Spanish and have fun! Hasta!
