

South Manchester Angling Club - Membership

Location **North, Cheshire**
<https://www.freeadsz.co.uk/x-519635-z>

South Manchester Angling Club's season starts in April, so if you are looking for a club with some excellent fisheries in the Knutsford area of Cheshire then you should have a look at our website; www.southmanchesteranglingclub.co.uk. All our fisheries are in quiet rural locations that allow members to enjoy the surroundings, whilst concentrating on what they love to do i.e. Fishing. Many specimen fish of all types can be found in our waters all of which being in top condition. So if you are fed up with spending huge amounts of money on Commercials or with the poor state of your current clubs fisheries then it might be in your interest to check us.
