Powerful Quad Core processor for faster performance

Thanks to a powerful Quad Core processor, your Samsung Smart TV offers enhanced performance. You can do the different things at the same time, faster multi-tasking and switching between content. It's like having a kitchen, as well as a living room. With this Smart TV, your entertainment experience is now more enjoyable, with less waiting and more viewing. The Quad Core processor for faster performance. Say a keyword to find it with Voice Interaction.

S Recommendation with Voice Interaction lets you discover more of the TV you love by suggesting what's now to watch based on what you like. It intelligently learns your preferences; the more you watch, the smarter it gets. All you need to do is ask your TV to find you something to watch, it will respond to your natural voice and instantly search Live TV, video on demand services and apps to recommend TV and online content tailored to you. Now you always know what's on without the need to look for it.
