REDUCED PRICE QUICK SALE Absolutely stunning Pug pups, two boys and two girls left nine weeks old ready for their new loving homes now. They are microchipped had their first injection and are up to date with their flea and worm treatment and come with five weeks free insurance from the kennel club.

They are KC registered and come with five generation KC certificate.

Born into a family environment with children and other dogs around they are well socialised and very healthy happy bouncy playful pups.

Mother lives with us and will be with the pups when viewed. She has a fantastic temperament and is great with children as is the father who does not live with us but can be seen by appointment. These pups just love kids. They were last seen by the vet a week ago and given a thorough check over. Father is Olimaze Snow Magic at Asperilla and he is health tested for PDE, PKD, PLL and FACTOR VII Deficiency N/N so doesn't carry any of the markers and he is also x-rayed HV clear of the spine, copies of all his health tests can be seen on viewing the pups.

Mother is also health tested.
