

Weekly Belly Dance Classes for Improvers (5.50 GBP)

Location **North, Lancashire**
<https://www.freeadsz.co.uk/x-544295-z>

These classes are for people with at least one year of experience. If you are unsure because you have had time off please get in touch.

These classes allow students to develop. Not only do students learn more difficult moves, but choreography is introduced, as well as musicality, props and the introduction of different belly dance styles.

Students are encouraged in a fun and supportive atmosphere, and we are always working towards some exciting new project. And there is the opportunity to show off your new found skills with the possibility of performing should students want to join in.

These classes are meant to be fun but informative. Whilst I want students to learn good technique, I also believe that enjoyment is an important part.

When: Every Monday (excl. B/H)

Time: 7pm - 8.30pm (unless there is a Beginners Crash Course running. Then the Improver class runs from 7pm - 8pm and costs £5 per hour.
