

Pair of kakarikis and equipment (150 GBP)

Location **North, Northumberland**
<https://www.freeadsz.co.uk/x-546480-z>

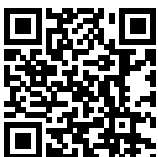

I am regrettably selling my male and female kakarikis. I have José the male who is 18 months and Tilly the female who is 12 months old. They have to go together. They come with their cage, nesting box, perches, swing ladder bridge, 2 bird baths, 3 water feeders, a food bowl, wooden swing, nesting material barrels, mirror and bell, cuttlefish, oat bird treat, 2 packs of sand sheets, a pot of bird sand, 2 containers of food plus an unopened bag of food, 3 packs of soft nesting material, a spare cage with food and water trays (better for transporting them in). The cage they are currently in is very big so may need a van or very big boot to collect, it's about a meter and a half tall with legs and wheels for easy movement.

If you have any questions please contact me.

Asking £150 on as everything included cost a lot more.

Collection only from rake lane area north Shields.
