I'm a qualified reiki practitioner in the Glasgow area. Reiki is a holistic therapy that can benefit you in many different ways. From stress to sleeping problems, headaches to name but a few.

It is now used in nhs hospitals, hospices and is great for complete relaxation. When was the last time you took an hour just for you? , without thinking or worrying about someone or something else?,. Why not take an hour now, email, text , or call for an appointment. You deserve.
