I have a lovely little tortie mitted female Ragdoll kitten looking for her forever home. She has been reared indoors since birth, and bred from HCM and pkd clear lines. Fully registered with the GCCF, vaccinated, microchipped and insured for four weeks from date of purchase. This lovely little girl is very affectionate, purrs like a little engine! She is eating well on wet and dry food, has been wormed and passed all her vet checks no problems. If you are interested please note that I live 14miles from Carmarthen.

Ragdolls are indoor cats, they are very trusting and affectionate so could easily be stolen or injured. Please take this into consideration if you are considering this.
