Delightful Baby Hermann Tortoises. (95 GBP)

Location Wales, South Glamorgan https://www.freeadsz.co.uk/x-565165-z

These beautiful babies were hatched in July and August 2017 from eggs laid in the garden by my registered adult pets. They are healthy, very active, and full of individual personality and character. They are growing very well and are easily fed on readily available wild and cultivated greenery and tortoise pellets. These little ones will make lovely responsive pets as they continue to grow on a tortoise table or in a vivarium in your home. They have Cites Article 10 Certificates and are available only to experienced and/or committed buyers who are willing to come and collect them in person. I am always happy to give ongoing advice and share my knowledge with their new owners. They are ready for new homes now but if you wish, you can choose and reserve one for collection later when you have your set-up.
