The Angel Investment Network platform helps entrepreneurs with great business ideas find the funding and guidance they need to grow their businesses and succeed. The biggest problem a budding entrepreneur faces is finding the right source of investment for their business; it is often not simply a question of the money but also where the money comes from. AIN connects entrepreneurs with a global network of nearly 100,000 investors so that they can find an investor with the right credentials and industry experience to grow their business.

Entrepreneurs register and submit a business proposal using a simple proposal template. Once they have created their proposal it is listed on the site for investors to analyse. There is a free novice package available to trial the service, but the paid Pro packages grant access to more features, greater exposure and ultimately a far higher success rate.

"We started receiving investor contacts within 24 hours of our pitch coming live. Within 36 hours three investors had responded. Within 48 hours over 60 views were documented. Thank you Angel Investment Network !" John @ Black Thunder Offshore

"I am pleased to share with you that of the 12Cr raised by my company, about 2Cr came through your network." Amit Prasad @ Satnav
