Company description

We can supply and fit a top quality folding attic ladder for just 249 pounds. This includes; widening the existing hatch in your landing or bedroom, a metal handrail and new architrave surround. The sizes of our hatch are 55, 60, 70cm x 120cm so there is lots of space for those large boxes & suitcases to fit through.

Our attic Ladders come with non-slip steps, draught excluders & 6mm thermal insulation. Unlike other brands, our hatch door comes pre-finished white so you don't have to paint it. The ladder & frame are solid pine. With one twist of the pole it is easy manageable.

Optional extras are a second handrail or one of our custom made attic safety rails . Supplied and fitted loft ladder on the same day . Free.
