my name is skye and I'm a 9 month old collie cross. I have been brought up being teased by a 6 and a 3 year old therefore I love children and am a real family dog. I am attending classes just to smooth off the minor rough edges, and I really enjoy games with my ball. My owner has recently changed jobs and is not able to spend as much time with me as I need. I have had all my injections and recently had a worming tablet. Thanks for reading about.
