

Bespoke IT services - small to medium sized businesses

Location **South East, East Sussex**
<https://www.freeadsz.co.uk/x-574025-z>

I specialise in offering the following services to small to medium businesses

Wireless and network infrastructure support - providing onsite surveys and solutions - improve network speeds and throughput with a quick onsite visit.

Backups - Providing critical backup solutions and technical guidance on how to best protect your data - prevent unwanted data loss from viruses and malware.

Cloud - Does your business utilise the cloud correctly? having noisy servers onsite is costly and cumbersome - move critical services to cloud based providers to reduce total cost of ownership

Hardware - repairs & upgrades - critical to keeping you ahead of the game - no downtime is acceptable so the hardware needs to be kept in tip top condition.

Software - providing upgrades and tackling software issues can be huge - let me take over and make sure it's running as expected.

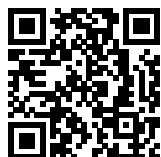

Will provide bespoke quotes to meet all business needs - let me know how I can help you and look forward to hearing from you

With over 10 years experience in IT you can be rest assured I have a solution ready to go for your.
