Here is my 8 months old boy gizley . I'm looking for a forever home for him as I can't meet his needs due to my mental health . He is quite a lively pup. And loves people and gets very over excited . He gets on with other dogs. But I'd say cats a no as he prob wouldn't leave them alone . He is very loving loves tug. And on the evening he cuddle up to u n sleeps he has his mouth open n show his bottom teeth. And cuwiffs his bottom lip. I'm wanting him to go to a active home with garden up to date with jabs.
