Welsh poppy is Papaver Cambricum and is a tap-rooted perennial plant. It has light green leaves and bowl-shaped lemon-yellow or orange flowers 5 cm across that are produced from late spring to early autumn

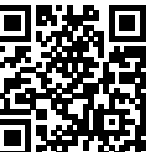

I have a number of these plants that I have grown on that are surplus to my requirements. They grow up to 50 cm tall.

I can send out 3 of these plants by first class post for £6.00 inclusive of postage and packing. the plants have been trimmed back and have had some compost removed from the roots before they are sent out in a large padded envelope by Royal Mail first class post. Please see photographs to assess size of plants shown ready for posting. Note that the plants shown in the photograph are Welsh poppies.

This delivery method will require the plants to be unpacked and planted up in pots or in the garden and watered in on receipt.

Alternatively I can drop off the plants in pots at the Swansea Morfa Retail Park to anyone wishing to collect them from me there. Or you could call to my home to collect if you prefer. Contact me to fix a time and date to collect.

I can accept payment by PayPal or by Faster Payment bank transfer (or cash on collection).
