123speak is an online English school where students can learn or improve their English from the comfort of their homes. We offer online classrooms and materials needed for learning, as well as real life experience; students feel like in a real classroom without leaving their homes. The lessons are performed via video conference where we have an interactive whiteboard, PP presentations, online books etc. We have a variety of courses on offer as well as single classes.

All classes are taught by a CELTA qualified teacher.

The aim is to help students overcome their difficulties related to English language whether it be speaking, writing, grammar etc.

General English classes focus on 4 areas; reading, listening, writing and speaking plus vocabulary and grammar needed to communicate in English freely.

We also offer functional English classes where the focus is on learning phrases needed in real life situations for e.g. bank, GP, shop etc.

Conversation classes focus on the speaking skill and min. pre-intermediate level is required to join the classes.

1:2:1 classes are.
