Dairy Land UK Limited is working on two different lines, one is marketing and the other is procurement services. We market brands, products and accessories of different suppliers & distributors and provide services to retailers to procure milk and milk products. A brief account of both of these services is given as under:

## 1- Marketing Services

Dairy Land UK provides marketing services to wholesalers, manufacturers and distributors. We act as their brand ambassador and market their products in wholesale and retail market. We get orders for them and link them up with their target customers who are smaller wholesalers and retailers.

## 2- Procurement Services

Main area of our expertise is procurement of dairy products. The products we make the supplies of mainly include milk (organic, non-organic) and milk products such as cheese, butter, cream, yogurts, ice cream, and spreads. We perform following tasks in the procurement process of goods:
