---	--	--

Sport. The X350, with full

Full leather upholstery with electric headrests
Beautiful Walnut wood trim throughout
Multi-function leather steering wheel
20" Jaguar alloy wheels
Colour coded bumpers
Front fog lights
Height adjustable drivers seat
Automatic boot opening on the key and inside the car.
Trip computer
Rev counter
Electric windows
Power assisted steering
Remote central locking
Climate control
Air con "freezing cold"
Cruise control
Front & rear headrests
Automatic gearbox
Reliable and powerful 3.0 petrol engine
And many other extras

Both the Interior & Exterior of this car are in very,very good condition. Cosmetically I would say it was extremely good all around and everything works with no issues whatsoever.

I had all the Air Con and Matrix replaced last month at a cost of £950 and this car has been fully serviced by Jaguar.

The car drives perfectly and pulls strongly in every gear and I welcome any.
