The Baotian Apollo 12 is all new for 2013 and sets the benchmark for affordable scooters. Thoroughly modern in design, this fully automatic "twist 'n go" scooter is perfect for first time learners, through to daily commuters. This compact scooter is robust, yet lightweight, easily manoeuvrable and exceptionally economical. The Apollo 12 is the big brother to the Apollo 10, offering bigger wheels and raised seat height. £999 RRP all of our advertised prices include DVLA first registration fee (£55) and 12 month road fund license (£17). Available in white/red, white/green or white.
