

Spirit attachment - are you concerned

So many individuals feel that they are either 'possessed' or have some form of 'spirit' attaching itself to them or continually haunting them. Alas, they are not too sure what to do or who to ask for help or advice.

Should they go to an Ordained Minister of a particular 'faith'; should they go to someone who advertises themselves as a Psychic and seeks a "fee"; what should they do?

The answer to those questions rests with the one seeking help; alternatively they can arrange to come here and have a talk and find out if there is such a discarnate intruder effecting their life.

They can visit me and a fellow believer. There is no charge nor attempt to convert you to a particular 'faith' or 'religion'; there is only a sincere wish on both or parts to help and effect a relief from what is causing you concern and fear.

One of us is a 'Medium' and the other a 'Healer' - between the two of us we hope to be able to extend that much needed help.

If you choose to come here - the location is in Birkenhead, Wirral.
