In the budget (supply) we write very carefully all the details of the process of execution of the work, including the organizational charts of development and financing.

I know that nothing is not free, but for Vip Clients, we make the project of design and execution (structural) included in the price. I'm specialized in in development projects like house extensions and loft conversions. We have references in London, Switzerland, Italy and Spain in 24 years of construction. I can do on request and architecture projects and execution, all drawings ( including isometric 3D ) and technical details on request. I have references in London( UK ) ,Switzerland , Italy and Spain
