For Sale- 12.2HH WelshX Gelding, Tommy, General, 8+ years, Gelding, 10-15HH, 12.2HH WelshX 8 year old tri coloured gelding. Passported and owned since he was 4 years old. Tommy is a sweet and loving pony, good to catch, have his feet trimmed and has been barefoot his whole life. For the last two years Tommy has been prone to laminitis throughout the spring/summer time, which means he is currently foot sore. Tommy is very giving and will try anything for you. We have just started out with Parelli so currently progressing our way through level 1. He would make a great child's pony and has previously been backed although not had a rider on him for approximately 2 years. Tommy has also with a previous owner been used for driving. Vaccination and worming completed through a natural programme. For sale due to no fault of his own as he is currently a companion for my other pony and I will shortly be moving to a livery yard with other horses so I will no longer need Tommy as a companion. It is more about us finding the right home for Tommy than any financial gain. Available to view in Essex., Brentwood,.
