Very good running order, never had a single problem. These bikes are notorious for being impossible to kill.Used for recreational purposes only. Not used for short 5 min journeys.Has been kept indoors. Serviced in February. Cleaned oil and air filters, replaced oil and spark plug with highest grade products. Always used premium shell fuel, and used Redex fuel/injector cleaner regularly.General condition is very good. Plenty of tread left on the tyres. Little to no rust/corrosion present.Minimal damage to the bike which includes a few scrapes on exhaust heat shield, rear luggage rack, underside corner of the dash, side of the head lamp, front brake handle, and right foot peg which has a small amount of split rubber, all caused when previous owner dropped the bike (owner took most of the impact!). Single vertical diagonal crack on right wing mirror near inside edge approx 1 5th into the mirror - does not cause any problems, as this area of the mirror is obscured by the rider's shoulder and I am not a large person.
