1971 Volkswagen Beetle Type 1, Classic Cars, Yellow, 1971, 90258, 2 doors, Coupe, Manual, Petrol, 1285, Extensively restored in 2007 with a full "body off" restoration. The car had new sills, heater channels, spare wheel well and extensive repairs to inner arches and floorpan to make it structurally sound. The wings and bonnet were replaced with VW "new old stock" panels (not reproduction) and the doors with Californian import rust-free doors (also genuine VW). Great attention was paid to quality of shut lines and fit, as per original standard. The car had a full respray, including all interior paintwork, engine bay and bonnet area. The car was fully stripped to do this (including all windows). It was sprayed in a professional bodyshop environment (including oven). The wheels were shot blasted and painted to match the exterior paintwork. The engine was removed, dismantled, repainted and fully serviced (this engine was a new VEGA fitted in 2002 @ 72,000 miles). Replacement seats fitted to match original specification in addition to new trim panels and headlining. 90% of rubber seals and gaskets were replaced and fully rustproofed. Receipts and CD showing the restoration available with the car. Since the restoration the car has only been driven during the summer months ensuring it is kept in beautiful condition. It is garaged when not in use and to keep it meticulously clean both internally and externally. * 99% rust free (one small rust patch on rear of car, just not gone round to having sorted yet). * Finished to an extremely high standard (would not look out of place at any VW show) * Mechanically excellent * Finished to original specification with exception of the paint job. All work carried out by a professional bodywork specialist. £3,100.00, Peterlee, 07043578651. Call: 07043 ... Click to reveal number! Seller is using a privacy number - more
