Thermo Inch Loss Body Wrap, 1 x Thermo Slimming Gel (150ml) 2 x XL Professional Sculpting Wraps (1m longer stretch than Pro version) Kit contains 6-8 treatments Suitable for men and women New, updated and improved formula. *Promotes immediate and long-term inch loss. *Targets problem areas – buttocks, thighs, stomach and arms. *Reduces the appearance of cellulite and stretch marks. *Tones and tightens skin. WRAP treatments stimulate inch loss through lymphatic drainage, while stimulating blood flow within the fatty tissues Within our bodies we all have interstitial spaces where toxins and fats gather, an interstitial space is an empty space or gap between cells. Groups of interstitial spaces are commonly referred to as fat cells. Over a period of time these fill with toxins and fats. People who smoke or drink alcohol, eat fatty foods will, on the whole, have more toxins and notice that certain areas are harder to lose, e.g. thighs or buttocks, and however much they diet, their body refuses to alter its shape or size. The WRAP not only achieves excellent lasting inch loss, but it is also a superb treatment that cleanses, detoxifies and tightens the skin. buy direct from <https://www.actiderm.co.uk/me/jeanette-thompson/slimming-inch-loss/thermo-slimming-wrap-kit-plus/> £30.00, Rotherham, 07977.
