Essence Of Care, This non-agency domiciliary care service is designed to assist mature people to fulfil their daily living needs and requirements in their own home with dignity and respect whilst maintaining as much independence as possible. Available as relief care for family or current carers on annual leave. Regular visits may also be booked. Pet care, house work, laundry, shopping and errands are all included in the care service. High quality care and assistance is professionally delivered at home by our DBS Cleared, experienced and trained, friendly Care Assistants. Care plans can be provided if requested, this often helps clients and families to aim for recovery or optimum quality of life and gives an opportunity for the whole family and client to join in and have their say. The needs of people vary greatly so our services are designed to suit the client, the family and the current care and support team, such as the Doctors and Nurses who lead the care. Pop In Checks * Daily Needs * Companion * Day Trips * Shopping * Supervision * Live-In* Pet Care For further information or just an informal chat, please call and ask for Tiya, Godalming,.
