1962 Ducati Ts 125 Classic Bike, Deucati, Racing, Petrol, Manual, the bike was fully restored in the early 90's using a lot of new old stock ducati parts (such as a genuine ducati silencer) sourced mainly through mick walker.the engine was also fully rebuilt by mick walker in '93.this bike has a good history behind it. when registering the bike with the ducati owners club, the secretary wrote back to him to tell him it was his once upon a time, when he had it it was raced and had the very rare overhead twin cam head, but obviously no longer around!its a UK bike and i have the original buff log book and the numbers match that.the bike is a runner and starts easily, just needs a bit of a tune up as has been sat over the last winter.it has been sat in my front room for the last 3 years!the paint work has a few chips/marks on it mainly through storage.it comes with all the bills for parts and work done. £2,670.00, Liverpool, 07043520864.
