										About St Andrews Park
										At Persimmon Homes we are proud to be a part of developing 'St Andrew's Park' the former station at RAF Uxbridge. Committed to the highest standards of design, construction and service, Persimmon Homes are designing a selection of apartments and houses to suit the local environment, taking the surrounding landscapes and architecture into consideration. A history that takes your breath away... Recorded in both the First and Second World Wars, the station is most recognised for the immense part it played in the Battle of Britain. It was here that No. 11 Group RAF were based, who were responsible for the aerial defence of London and the south-east of

England. A bunker, subsequently known as the battle of Britain Bunker, was built nearby to house the 11 Group Operations Room, which controlled fighter squadrons operating within the group. The Operations Room was also responsible for providing a control during the evacuation of Dunkirk. On 14 May 1940, Winston Churchill, in a speech, â€œNever has so much been owed by so many to so fewâ€•. The speech was nearly an hour delayed and Winston Churchill has been honoured and transcribed into a memorial at St. Andrew's Church, in memory of the 540 men who lost their lives in the official evacuation in 1940. To make the link between the bridge and the Royal Air Force, Sir Winston Churchill's 65th birthday still remains an iconic date in Uxbridge.
