Introducing the all new Sexy All-Terrain Segway Style 2014 ESWAY ES-1401 Personal Electric Transporter. The ES-1401 is not a Segway for sale. This personal Electric transporter was made with the outdoor man/woman in mind and to our Specifications at segwaykiller.com A True " Segway Killer " this will blow a Segway X2 right out of the water! If you YouTube our channel "SegwayKiller" you will see the off Road personal transporter will go just about anywhere that you could possibly want to go including Cruising over large Boulders, Rough Terrain, Deep Snow and Steep Slopes. The all New and Improved ES-1401 has Imported Motors from the USA and Servo Drives for Optimal Performance. The Frame and Rims on the ES-1401 are made out of a light weight Magnesium Allow Metal with Shock Resistant Tires. The ES-1401 is also completely waterproof and even comes with a remote control with three speeds, a tow function and a built in AntiTheft System. The Transporter has a built in power level indicator, weights about 135 lbs, comes with 19" Sexy Dirt Grabbing Tires, Led Lights on the front and back, a Remote Control Towing Function, and now has 2 speeds instead of 3 for the updated version. We have several Segway alternatives for sale that you may be interested in on our site www.segwaykiller.com that do not have the segway price or cost. The segways for sale that we offer are not cheap knock offs of the segways for sale but good alternatives that work just as good and often much better and do not have the prices of segways. These segway

alternatives for sale work just like the regular segways for sale, without the high cost or price of a segway.
