

Get Online Sigma Diagonale Pull Handle Cutters - Artisans Tiles

Location

South East, Buckinghamshire

<https://www.freeadsz.co.uk/x-167589-z>

Sigma DIAGONALE pull handle tile cutters have double registration for regulation of cutting thickness. The swivelling measurement bar supporting the tile is pivoted at the centre of the cutting line, and rotates up to 48° to allow the real measurement of the piece to be cut to be obtained at any angle. A 45° a second measurement scale gives the length of the diagonal. This range of sigma tile cutters are extremely easy to dismantle to ensure compact dimensions for easy transport. Available in a multitude of.
