

GARDENING QUIZZES

Location

Wales, West Glamorgan<https://www.freeadsz.co.uk/x-167871-z>

If you are looking for highly visual gardening quizzes to use for the entertainment and enjoyment of members of your club, society, group or organisation then look no further. Our gardening quizzes are very different because the questions, and answers, are presented as colourful digital slideshows with text and photographs. We supply the quizzes on a CD for playing on a computer and projecting to a screen or via a television, the choice is yours. We explain how best to present and play the quizzes and provide all the supportive documentation. Within the UK gardening is enjoyed by millions of people. Our quizzes are really popular not only with gardening clubs and societies but also with other groups and organisations including, for example, some women's institutes and universities of the third age. The costs of our quizzes compares very favourably to the cost of hiring speakers for club meetings, the quizzes are a cost effective alternative and offer something different. Indeed a quiz afternoon or evening can be lots of fun. Whether people are new to gardening, or more experienced, we have a unique product for their education, entertainment and enjoyment. For more information please contact me by e mail or phone or view my website www.gardeningquizzes.co
