## **RELIANT SCIMITAR GTE Pick Up AUTO, ORANGE, 1978 (4,299 GBP)**

West Midlands, Worcestershire Location https://www.freeadsz.co.uk/x-167999-z

A very rare factory made pick up back SE5 with a brand new leather fitted interior including seats (black with red piping), carpets and door cards. She needs an engine (Around 200 pounds) but comes with gearbox and a new stainless steel exhaust. She sits on Wolfrace alloys with new tyres. She needs some TIc but will command a price in the range of 7,500 with an engine fitted (which I can provide). I have driven her and she drives like a modern car and is also comfortable at 30 mph as she is at 70mph. She is a great car and needs someone to make her complete.
