Computer Aided Music

Automatic harmony and ad-lib phrases can be created through computer aided music functions. HARMONY will produce automatic two or four part harmony, depending on the selected voice. The AD-LIB button when pressed while the AUTO ACCOMPANIMENT is running will produce a short "ad-lib" phrase that is perfectly matched to the accompaniment. Automatic ad-lib lines can be used to "fill-in" for your performance.

Rhythm Accompaniment

Twenty-two different automatic rhythm patterns are provided allowing you to select the rhythm pattern that best suits the music you are playing.
