The caravan is 6 berth with fixed double bed with spotless mattress as this has always had a mattress topper on, and being a fitted bed means a huge storage area underneath - great for big families. This is situated in an end bedroom with shower and toilet and a sink/vanity area, with lovely large mirror and the bedroom shuts off with a solid door, not a curtain, which is a bonus. There is a very spacious wardrobe situated just outside the bedroom. There is a hatch in the kitchen, which can be opened, so a TV positioned here can be turned to face the caravan for day or the bedroom at night.

The kitchen area is huge, has loads of storage and masses of worktop space. It has a really big fridge and there is also a built in Daewoo microwave and 4 burner gas hob and separate grill and oven, and lots of storage space for pans in a section under the oven. There is a properly fitting washing up bowl in the sink, along with chopping board/sink cover and draining board.

There is a JVC radio/CD cassette similar to that in a car, with front clicking off for storage and security. It is fitted with a Status TV aerial. Flooring is carpet over wood effect laminate floor, and we removed the carpets which are rolled up and stored under the bed. Windows are double glazed, with flyscreens and blackout blinds. There is a large Heiki rooflight. There is 12V mains with battery charger. Truma gas fire and Trumavent blown air central heating, Whale Aquasmart water system and Ultrastore gas/electric water heater. There is also a smoke alarm and fire extinguisher.

Loads of storage as you would hope for the size of the van - hydraulic assisted bed has masses of space

and there are wall mounted cupboards all around the van, with external wet locker for muddy shoes!

External shower, The van is fully and modern
