Visit: http://www.itelearn.com/events/selenium-live-training/   Learning an automation tool is indispensable for those who want to undertake thorough yet quick runs while testing software. #Selenium would be the obvious choice as it has seen a phenomenal increase in popularity and usage since 2011. For those of you who couldn't make it to our first batch of live training on the #SeleniumWebdriver, we are glad to inform you that Karthik has introduced a 2nd training batch!   Join us on Oct 26th, between 8:30am and 9:30am PDT, and on Oct 27th, between 9:00pm and 10:00pm IST, for the Orientation session. Registration : http://www.itelearn.com/selenium-live-online-training ;
