

# Infinity Lashes- Professional Eyelash Extensions in Hampshire

Location

South West, Hampshire

<https://www.freeadsz.co.uk/x-168576-z>

Infinity Lashes offers high quality eyelash extensions treatments at our salon and as a mobile service. As a member of BABTAC (British Association of Beauty Therapy and Cosmetology) we comply with the organisation's regulations to ensure that the service you receive is of the highest standard. Eyelash extensions are one of the most popular beauty treatments, because of their growing popularity there are more and more salons or mobile technicians offering eyelash extensions. The prices for a full set of eyelash extensions start from £20 and go up to £150 in high street salons. So what makes Infinity Lashes different from other salons and why should you visit us? First of all it's our experience, for 3 years we have specialised only in eyelash extensions – that means hundreds of hours in mastering the technique of applying eyelash extensions! Eyelash extensions are one of the most precise beauty treatments and require from the stylist a sense of beauty, steady hands and a great eye for detail. We are proud to be the first salon in Hampshire and Southampton that offers you ladies volume lashes 2D-6D and Russian volume, our offer in eyelash extensions treatments is still the greatest in Hampshire and Southampton. Secondly at Infinity Lashes we take your health very seriously – we have made a conscious decision on using only high quality, more expensive products that are manufactured in the EU or US and comply with strict EU quality control laws. Thirdly in our salon we respect your time and money but we do not compromise on quality – a full set takes between 2-3 hours and is reasonably priced (prices start from £50 for a full set of individual eyelash extensions, a third of the price of a high street salon! See you soon ladies
