Lovely 2009 registered Honda Goldwing in Graphite Black. This is the Comfort Pack model and includes the following: Airbag

GPS in Colour

ABS Brakes

Heated Grips

Heated Seats

Cruise Control

Built in Auxilliary plug for Ipods

Intercom system with helmet speaker inserts

Optimate Charger

Optimate accesories The Bike has two keys and all the documentation. I have recently changed all the Spark Plugs and completed an oil

change on the bike at 11254miles. The bike has just completed a 5000+ mile tour of Europe and this has been the most

fantastic of journeys and the bike was unbelievable comfortable. Not a single issue with the bike. The bike is

extremely well kept and in very good order, especially with the low mileage. This bike had never been dropped. Tyres

and brake pads still have 1000's of miles left of.
