We supply kitchens on a cost + 10% for D.I.Y basis or we can install as well. We also do door and worktop replacements on the same basis and advise on every step of the way. How it Works:- You give us a call, we arrange a time for us to come and measure up. We then come again when we have drawn your plan for your new kitchen with your quote on either "supply only" or "with installation" or both. Or if your kitchen cupboards are still sound we can measure up for new doors and worktops to give your kitchen a "facelift" to save you some money. Whatever the case I defy anyone to beat us on price as we use our 35 years experience to get you the best price from our contacts and sources for your benefit. And remember your new kitchen will be colour.
