

## Bicycle standholders for parking or storage (55 GBP)

## Location

## East of England, Hertfordshire

<https://www.freeadsz.co.uk/x-169091-z>

Bicycles stands, or holders, are made of heavy duty steel and foreseen to be bolted to the ground. Bicycle's pedal is easily inserted into the groove and keeps bicycle steady in upright position, with no possibility to be flipped over. Bicycle is easily secured against the theft by inserting a standard padlock into the hole beside the groove or securing it with conventional chains, U-locks etc. For usage of such conventional antitheft devices, large side bars are provided on each side of the bicycle holders. Six millimeters profile steel will resist any attempt of vandalism. Send us an E-mail to get more information about shipping and purchasing by PayPal. info(at)auto-mart
