Honda CBR 400RR for sale, mot until april 2016, roughly 13000 miles (odometer is in km as it is an import), imported in 2001, i am the 3rd owner since it has been in this country. I have some paperwork with the bike detailing services etc. The bike had an interim service with the mot back in april, done roughly 300km since. Also has nearly new tyres and a scorpion exhaust which still has the baffle in so not really loud, can easily be removed though if you wanted to. Lovely looking bike, good condition for it's age, ideal for someone who's just passed their test. Any other questions please ask, i will add a few more photos this.
