

ENGINE REMAPS AND DPF PROBLEM REMOVAL

Location

Wales, West Glamorgan
<https://www.freeadsz.co.uk/x-169516-z>

We offer a fully mobile vehicle remapping service covering most of south wales which usually takes around 1 hour to complete, for cars, vans, trucks, tractors, 4x4 , which can give up to 30% more power along with up to a 20 % fuel saving, dependant on your chosen remap, With no ill effects to the vehicle and fully warranted work, see our web site www.eliteecus.co.uk or call Mark 07974007405 for more details. Remap Prices start from £175 with discounts available for 2 or more vehicles done at the same time. We can also provide a dpf (diesel particle filter) service to eliminate the problems which so many diesel vehicles suffer from, which can include poor performance, and fuel consumption, and eventually the vehicle going into limp mode,if it is not corrected. If both the remap and dpf services are required and done at the same time, we can offer a special discount for.
