Over 200 students, thousands hours of tutoring – Veronika: Your Maths Tutor Female maths tutor (26 years old, 9 years of tutoring experience) available – excellent mathematical and tutoring background. Bachelor degree – Mathematics and Biology for High school teachers Tutoring mathematics since 2006 All school levels up to the university (included) Tutoring 1 to 1, small groups; face to face, distance tutoring and more SEN tutoring experience (dyscalculia and ADHD) Tutoring both children and adults Distance tutoring also available – ask me for more details. References and much more information available upon request to be also seen on my websites (ask me for the link). I'm Czech origin. I have also bilingual tutoring experience Czech-English and Czech-Spanish. I speak also a bit of German and Spanish and understand Slovak (well) and Polish (a bit). So there is also a possibility to teach students maths if there is at least one of those languages included besides English – at least for basic understanding, because maths theorems and ways of solving maths problems are still the same in all languages anyway =) 24 pounds per hour. Time availability – weekends.
