

English Conversation Classes (12 GBP)

Location **South East, Middlesex**
<https://www.freeadsz.co.uk/x-169569-z>

Conversation classes help you to improve your speaking ability and confidence, particularly concentrating on fluency, communication and pronunciation. Courses include 1 hour 50 minutes of tuition per week. Classes are held on Saturday from 10am to 12pm, including a short break between 11.00am – 11.10am. You may start a course any Saturday. The classes will be fun and interactive and will give you lots of opportunities to speak. You will practice: English for socialising (e.g. chatting to friends, discussing different topics and telling stories); English for daily life (e.g. booking tickets, complaining, and going to the bank); English for work or further education (e.g. speaking on the telephone, giving presentations and speaking in interviews). You and your classmates will decide how much time to spend on each of these areas. Small classes mean that you can help the teacher to plan a course that suits you. Every lesson will include a focus on pronunciation to make sure your spoken English is understandable. Classes will include pair and group activities, discussions of up-to-date topics, role plays, improvisation, mini-presentations, and other activities to improve your spoken communication. Free class trial available <http://wles.net/courses/conversation-classes/> ;
